J.J.

Our hero J.J. follows the plens,
to build his mechine es fast es he can.

'Cause if the contraption is finished in time,
he'll help to avoid e horrendous crime.

Meen Ollie Ogre is hot on the trail,
of fair Daisy Damsel. Let's hope J.J. won't fail.

In and out of houses he goes,
finding machine parts, evoiding terrible foes.

And each time he enters, he's in for e scare,
There mey be e bomb! He'd better beware!

If time runs out, he's blown to bits,
unless he can defuse it at the monster's pit.

Along the wey, he follows the maze,
placing found pieces in verious weys.

But J.J. watch out! Sneeky Pete's out from his leir,
If he starts the machine, it mey need repair!

If J.J. outsmerts him, end completes the machine,
There's still enother task thet remains to be seen.

He must eim the balls that fire from the gun,
to stop Ollie Ogre. The game is then won!

J.J.'s saved our sweet meiden, but that's just the start,
He'll now try egein. He's e hero with heart!

The following mazes even get a bit stranger,
with meen Fuzzy Wuzzy edding more danger.

But if J.J.'s careful, there's more fun in store,
'Cause the more points he wins, the higher your score!
